Subject: Contract 

Enclosure: (1) Twelve Copies of Parts II and III of
Final Report dated December 1964,
plus one reproducible copy of each

Dear Sir:

STATINTL

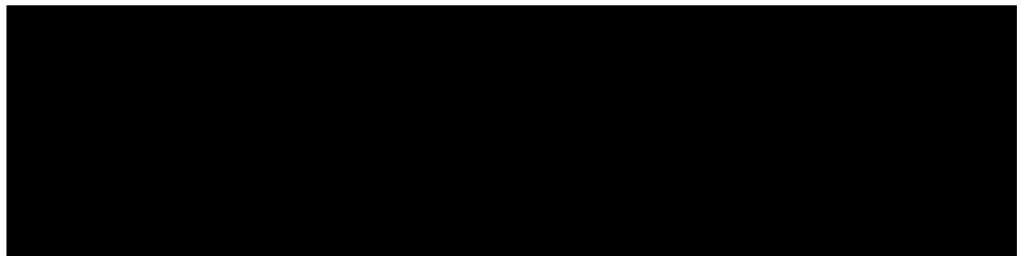

In accordance with the terms of this contract, we
submit as enclosure (1) twelve copies of Parts II and III of our
Final Report on this contract, plus one reproducible copy of each.

Part I of the Final Report, in the form of a micro-
densitometry handbook, was delivered in draft form personally
to your representative on 15 December 1964. Upon his review
and approval, we shall issue final copies of this document. At
that time, all work under this contract will be considered complete.

The three documents fulfill the entire reporting re-
quirements, however, as noted therein, Parts I, II and III do not
necessarily correspond to Tasks I, II and III of the contract work
statement.

Very truly yours,

STATINTL
